PHILA. BULLETIN TELLS OF WORK OF B. H. S. TEAM

Says Sue Strumfels' Hat Is A Barometer For Team

CONSULT THE TOP-PIECE

Work of All Players Is Remark'd Upon Very Favorably

This is what the Philadelphia Bulletin says about the girls' basketball team of the Bristol High School:

The little, old-fashioned, hand crocheted hat which Sue Strumfels, side centre on the Bristol High School girls' basketball sextet, wears to all their games, is a veritable barometer for all the Bristolites, registering for their information the progress of the team during its periods of action on the court.

Instead of looking at the score board in the usual manner, everybody who attends the Bristol girls' contests, from the youngest pupil to Coach Mary Fine, has learned to consult Sue's top-piece to see how Bristol is faring.

If the small, wine-colored headgear, which Grandmother Strumfels, with loving fingers for her grandchild many years ago, is closely hugging Sue's brown bobbed wave hair in precise fashion, and Sue is beaming as usual, then all is well—Bristol is on its way unhindered to another victory.

If, perchance, the round, red hat is slightly awry and Sue's sunny disposition is hidden for a time under a cloud of worry, then the Bristolites know all is not smooth sailing for the home players.

In extreme cases, when the Bristol girls are hard pressed for victory, and have to struggle like the dickens, the way they did Tuesday in the last few minutes of the games to beat Abington 28 to 24, Sue throws all impediments aside, including her precious cap, and gets to work to beat the enemy.

Miss Strumfels and Elsie Rockhill, Bristol's star baseball pitcher and a basketball forward, are among the outstanding members of the court team. Elsie, too, is little. It was no easy matter for her to lose her Abington guard, Jean Campbell, in Tuesday's game, but she used her feminine wits and her boyish manner to good advantage.

Elsie hails from Emilie, a tiny hamlet outside of Bristol. She is an all-round athlete and is very anxious, her teammates say, that nothing about her is "feminine" looking—she prefers the boyish mode. So Elsie alone pulls her stockings above her knees, while all the other Bristol girls wear the modern rolled woolen stockings for basketball.

Ellen McFadden, a very good forward; Florence "Cissie" Pierce, jumping centre and manager; Virginia "Pete" Paul, the best all-around athlete among the girls, and Lena Giagnacova, guards, and Captain Marion Harrison, a forward, who did not play Tuesday, are the members of Bristol's team which has a mighty good record this season of ten games won out of twelve played.

Of Abington's team Margaret Riggs, the captain and a senior, who began to play when she was a substitute during her freshman year, in the days when Jennie Jergensen made basketball and hockey history at Abington, is now the star of the team.

Miss Riggs was too closely guarded during most of the game to make use of her shooting ability, but in the last few minutes she caged six field goals in succession to bring Abington's total within a few points of tying the score.

—Miss Frances Landreth and her father, Captain Burnet Landreth, of 628 Radcliffe street, will leave next week for a trip to Bermuda.

—Mr. and Mrs. Robert P. Moore, of 324 Taft street, spent yesterday at the home of Mrs. Moore's parents, Mr. and Mrs. Thomas Doherty, of Philadelphia.

Ecoater Dramatic Club To Stage Production

Rehearsals have been called for the next play to be presented by the Ecoater Dramatic Club of Zion Lutheran Church. The performance will take place shortly after Easter and the Boosters make the promise that it will be the best and funniest of any play which this deservedly popular company has yet presented and those citizens of Bristol who are interested in the work of local talent will make no mistake in attending the performance, as they are assured of an evening of lively entertainment.

The work of this company in previous plays is well remembered for its excellence and every encouragement should be given the members in their effort to provide good, clean and interesting dramatic entertainment in the borough.

Those who will participate in this production are: Beatrice Kennedy, Mildred Shade, "Cis" Solidary, Vera Kennedy, Nettie McLaughlin, "Al" Scheetz, Glen West, Arthur Bolton, Rev. Paul R. Ronge and A. C. Aftersbach. The latter will, as usual, direct the production.

METAL PRODUCTS TRADE SHOWS IMPROVEMENT

Reports Show That Steel Mills Take Turn For Better

MINES ARE STILL IDLE

HARRISBURG, Feb. 9 (I.N.S.)—Although the ranks of the unemployed throughout Pennsylvania are being thinned in some lines, reports of the employment offices of the State Department of Labor and Industry indicate that return to normal industrial conditions is being made very slowly. Summaries of all reports were made public today.

The metal and metal products industries have been among the first to report a gradual improvement in industrial conditions. The Pittsburgh office asserts that "there is no doubt but that the steel mills have taken a turn for the better." Reports from other cities which have steel mills in the districts, such as Allentown and Harrisburg, also indicate a gradual improvement along these lines.

Coal mining, the other mainstay of Pennsylvania prosperity, is generally reported as subnormal. Thousands of both union and nonunion men in the bituminous fields are idle. The Scranton office reported that the anthracite industry is only about 50 per cent. active at present. Short periods of cold, resulted in temporary spurts in the demand but a mild winter, combined with an increased use of substitutes is blamed for much of the unemployment in the field.

Practically all of the offices report a great surplus of unemployed unskilled laborers. In some cities skilled men have been applying regularly all winter for any kind of work available. Little relief is forecast for this condition until the advent of spring which usually marks greater activity in building construction and road building.

In the afternoon at three o'clock there will be a platform service, and Mr. Waters, chorister, has secured some of Philadelphia's best to appear at that time. Ten accordeons will be used, and prominent speakers will be present.

BURGESS ANDERSON AND POLICE CHIEF MCGUCKIN TO PUT UP LEGION POSTER

THE AMERICAN LEGION POSTER

The chief burgess of a municipality is called upon to do many things but it is believed that Burgess Clifford L. Anderson will hold an unique distinction when on Saturday afternoon he assumes the role of a poster of bills.

The Burgess, Chief of Police John J. McGuckin and Justice of Peace Edward Lynn will don white overalls and jumpers and with brush and paste will put up the first poster on the large billboard at Pond and Market streets, Saturday afternoon at two o'clock, as part of a national advertising campaign being conducted by the Legion. The bugle corps of Robert W. Bracken Post, No. 382, will turn out in full uniform at 1.30 for the occasion and arrangements are being made to have moving pictures taken of the affair. There will be a parade of Legionnaires to the site of the billboard.

Seventeen thousand bill boards located in all parts of the United States will carry the above poster during the month of February. The purpose of the poster display is to call to the attention of the American public in a vivid way the real spirit of The American Legion, that of service to America in peace as in war.

The poster is the work of Chester C. Bratten, a well known artist of Chicago, and was one of the prize winners in a nation-wide poster competition conducted during the past year by the "Forty and Eight." It depicts the ideals of the Legion in a symbolic way. In the background is the Goddess of Liberty with upstretched arms in a position of consecrating the sacrifices made by the American fighting men in the World War. In the foreground is a panoramic scene representing the city, agriculture and industry.

Fifty-three guests were entertained by Mrs. Clifford L. Anderson at luncheon and cards yesterday afternoon at her residence, 1092 Radcliffe street.

The living-room and library of the Anderson home were attractive in their spring decorations. Upon the tables had been placed bowls of daffodils, snapdragons and daisies; and about the room were scattered baskets of cut flowers.

Man, 69, Found Dead Along Reading Tracks

NESHAMINY FALLS, Feb. 9.—William Simpson, about 69 years of age, of this place, was found dead along the railroad tracks here early Tuesday morning by a track walker.

Mr. Simpson left his home, which he made with his niece, Mrs. John Gillespie, to go to Frankford to purchase a pair of rubbers around noon Monday and as he was returning he was trespassing on the railroad tracks, and it is believed owing to his advanced years of age he became confused and was struck by a train Monday evening.

PLAN GOLF COURSE AT YARDLEY FOR PUBLIC

Trenton Group Secures Tract Of 121 Acres and Club House

TO OPEN NEXT JULY

Finances for opening a public golf course and country club at Yardley, are being supplied by a group of prominent Trenton men. It will be the first organization of the kind in this section, although the idea has long been advocated and considered. It is expected that the course will be ready for use by July 1st.

Former Assemblyman William A. Moore, a Trenton attorney, is handling the projects for the promoters, whose names are not yet made public. It is expected there will be a meeting today, when officers for the interests involved will be elected and further action taken on advancing the program. A well-known and popular professional golfer is slated to administer the operation of the course when opened and to supervise its construction.

The promoters have already purchased the Harper farm, located near the Yardley station of the Reading Railroad, just off the main highway and trolley line from Yardley to Trenton. Mr. Moore states. The tract comprises 121 acres and includes a \$30,000 brownstone mansion that is to be remodeled into uses of the Country Club. About \$75,000 is to be spent on building the 18-hole golf course, as soon as weather permits. The location of the club and grounds, on high land overlooking Trenton and the Delaware Valley, is said to be ideal.

The present policy planned by the promoters is to have the golf course open to the public. Anyone wishing to play a game being merely required to pay a "green fee." No membership is planned for players. There may be memberships to the country club-house, or the mansion may be devoted to uses for public dining rooms or entertainment, the policy being not yet decided.

The Yardley Country Club is incorporated in articles filed yesterday at the office of County Clerk Hutchinson, Trenton. There are 1500 shares without par value.

There is wide public interest in golf in this section, but club memberships have been somewhat restricted and costly. Nearly every large city has public courses, many supported from public funds and open to players for payment of small fees. Mayor Donnelly, of Trenton, and others have been long interested in establishing such a course, there being talk at one time of using the former White City Park area in Trenton for the purpose. The promoters of the present project contend that Yardley furnished the most satisfactory grounds and terms for their venture.

TRAVEL CLUB TO MEET

The next meeting of the Bristol Travel Club will take place tomorrow afternoon at the home of Mrs. Clifford L. Anderson, Radcliffe street. This is guest day and each member is permitted to invite a guest to the affair.

VISITING RELATIVES

Miss Marie McCole, of Lansford, is visiting relatives in Bristol.

BRISTOL MAN WANTS TO BE A COUNTY DETECTIVE

James A. Sackville Applies To County Court for A License

HEARING ON FEB. 24TH

DOYLESTOWN, Feb. 9.—Two former Bucks county officers have made application for detective licenses to operate in Bucks County. Franklin G. Mann, aged 42, of Silverdale, who served that borough for nine years as constable and chief of police and who was defeated at a recent election, presented his petition to the court for a detective license.

Judge William C. Ryan held the application under advisement. It was presented by Harry E. Grim, of Perkasie, and was signed by a large number of property holders of Silverdale and vicinity.

"Why do you want a license as a detective?" the Court asked the former constable.

"Well, the people in that section are after me for protection and the community has none at the present time, and I believe there is work for me there," Mann replied. The applicant told the Court that he is employed in a clothing factory at the present time.

"I believe that Mr. Mann will make a good detective," said Mr. Grim, his attorney. "Of course, he will not make a Sherlock Holmes, but I am confident he will make a fair officer."

Before Court adjourned another application was made by James A. Sackville, of Bristol, former chief of police of that borough, to operate as a detective. Mr. Sackville intends to form the Bucks County Detective Agency if the license is granted him. Judge Ryan fixed February 24 as the day for the hearing of the applicant. The application was presented by Howard I. James, of Bristol.

Wendell Hoffman, of Lower Makefield township, who on December 8 was sentenced to serve three months in the Bucks County Prison and to pay a fine of \$200 and costs for operating an automobile while drunk, was granted a parole by Judge Ryan. Hoffman was twice before the court on the same charge, having served thirty days on the first offense. It was testified that Hoffman is badly needed at home. Judge Ryan placed him on probation for a period of one year, naming Deputy Sheriff Horace E. Gwinner as the parole officer.

OBTAIN OPTIONS ON BIG TOWNSHIP TRACT

Soundings Are Being Made For Sand and Gravel, Is the Belief

1,000 ACRES ARE NEEDED

Is the surface beneath the top soil of West Bristol Township laden with some rich mineral deposit; is it saturated with oil or is it rich in sand and gravel? These are the questions agitating residents here who for the past 10 days have watched with eagerness crews of men taking soundings and drilling for specimens of what is beneath, what for years has been fertile farm lands.

If it is rich minerals or if it is oil there is a great boon knocking at the door of this section. If it is sand and gravel the likelihood is that what is now fertile farm lands will in a short time become barren wastes, great holes filled with stagnant water and overgrown with scrub grass.

All of the excitement has been caused by a crew of men who arrived here about 10 days ago and began drilling on farms in West Bristol Township. They are still drilling and move from farm to farm, where options have been obtained not only for the privilege of drilling but also for the privilege of purchasing at a set price not later than March 1st.

At the present time the gasoline drill is boring down into the bowels of the Jacob M. Winder farm, just outside the Borough of Bristol on Rogers Road. The drill goes to a depth of between 35 and 40 feet in some instances and then there are occasions when it does not reach such a depth. The drill is the property of H. Snyder, Nazareth, Pa. The crew operating it state that they do not have the least idea why the soundings are being made. Each morning samples of what is found beneath the surface are put into small bags and taken to Philadelphia.

A representative of the real estate firm who obtained the options, states they do not know to what use the land is to be put. "We were not told," he states.

Options have been procured on the J. M. Winder farms, the farms of Carrie Simons, Fred. Weidemer, Frank King, Hugh Gallagher and Mrs. Swartz, it is said. The work of drilling is going to take about six weeks so that ample time will remain for the prospective purchasers to decide if they want the land. In all about 1,000 acres are under option, it is believed.

Wild rumors have been in circulation here as to what is going to happen. Some say it is to be a giant industry, others have hinted that it is going to be a big sand and gravel plant, like those which are gradually eating their way from the Delaware River to the Bristol Pike at Penn's Manor.

Some claim that the land is rich in sand and gravel deposits while others say that this is not true. The latter state that when the P. R. R. elevated their tracks through here that the ground which they bought for filling purposes did not yield any great amount of sand and gravel.

The other game of the evening will bring the big five of the Y. M. A. and the St. Ann's teams together. St. Ann's have reorganized and are out to defeat the club boys. St. Ann's will probably line-up: Russo and Puchino, forwards; Rich, centre; Fields and Riola, guards. Y. M. A. will depend on Bailey, Townsend, Fegley, Bauer, Hardy.

FIVE WOMEN ARE MADE CITIZENS AT COURT SESSION

Naturalization Court Sits At Doylestown With Judge Ryan Presiding

25 ARE GIVEN PAPERS

Thirty-Eight Applicants in All Applied for American Citizenship

DOYLESTOWN, Feb. 9.—Twenty-five aliens were granted their final citizenship papers in naturalization court here Monday by Judge William C. Ryan, who administered the oaths of office to the new citizens. The examination of applicants was in charge of John S. Kuzmack, of Philadelphia, representing the United States government.

"You appear as good citizens and look as though you were a law-abiding lot," said Judge Ryan in a few remarks made to the new citizens after the oaths had been administered in the Court of Common Pleas. "I trust that all of you realize the importance of the step you have taken and that you will abide by the laws of the United States. There is no such thing as divided allegiance with your home country."

There were thirty-eight applicants on the list but only twenty-five passed. Several did not appear, a few others were continued for various reasons. Lack of knowledge of the operation of the United States government kept seven of the applicants from securing final papers.

"Community civic and service organizations and clubs in various sections of Bucks county could do a lot of good in Americanization work by aiding the numerous foreigners who desire to become citizens of the United States," said one member of the Bucks County Bar.

Ten different nationalities were represented in the list of twenty-five applicants who were successful. There were eight natives of England, five from Germany, three from Italy, two from Czechoslovakia, two from Poland, and one each from Hungary, Austria, Serbia, Rumania and Russia.

Those who were granted citizenship papers are as follows:

Natives of England: John J. McHugh, South Langhorne; Annie Gretton, South Langhorne; Mabel Gretton, South Langhorne; Llewellyn Arthur Williams, Ottville; William Frank Brabys, South Langhorne; John Charles Beresford, South Langhorne; Beatrice May Wakefield, South Langhorne; David Thomas Wakefield, South Langhorne.

Natives of Italy: Sebastiano Sorbelle, Quakertown; Anthony Di Angelo, Churchville; Orlando Ricci, Quakertown.

Natives of Czechoslovakia: George Sladek, Lumberville; Samuel Apfelbaum, Perkasie.

Native of Hungary: Antonia Sedlak.

Native of Poland: Joseph Zagorski; Isaac Lemberg.

Native of Austria: Tony Halla.

Native of Serbia: Stephen Stancic.

Native of Rumania: Frank Nogradi.

Native of Germany: Herman Richter, Telford; Fritz Mueller, South Langhorne; Carl Michener, Warmminster township; Kurt Rudolf Hesse, Sellersville; Emma Manille, Doylestown.

Native of Russia: Charles Kunigau, Upper Black Eddy.

The Court granted the application of Kazimeras Kunigenas, of Upper Black Eddy, to have his name changed to Charles Kunigau, and the oath was administered under the new name and citizenship granted him.

One applicant for citizenship, a native of Ireland, David Kelly, when asked questions about the Constitution of the United States told the Court that he had been sick for some time and that everything he studied about the Constitution "slipped out of his mind." The applications were continued until the next court.

In Quarter Sessions Court the supervisors of Haycock township presented a petition asking leave to levy a tax of 17½ mills for roads and payment of debts. Supervisors of Springfield township asked to levy a tax of 15 mills, and the supervisors of West Rockhill township asked to levy a tax of 15 mills.

GROWTH OF OUR "PRIDE"

Because the word "pride" has been mentioned, and since many at first might take the wrong impression from the caption of these paragraphs, an explanation would not come amiss.

The "pride" of Bristol, in this case is the public school, and justly so. The parents throughout the town realize, and have been cognizant of the fact for the past several years, that the lads and lassies of the borough are privileged with greater and better training than was received by the older element in years past.

With the employment of two additional teachers at the high school building this week for instruction in languages, another step forward is noted. It was found necessary, because of the increased number in the junior high due to promotions, to finish two more rooms in the annex. This necessitated the employment of two more instructresses, in order that the students might have the best possible advantage.

Looking back two or more decades ago, Dad and Mother will remember how the quarters of the one-room schoolhouses possibly became cramped before the end of the term, if additional scholars were permitted to enter. But as frequently nothing could be done about the matter, the room continued to remain cramped, and both scholars and teacher suffered through lack of space, through too much strain on the one in charge, through lack of facilities and time.

Today in Bristol, there is a seat for each school pupil, with an adequate number of teachers backed by years of training. Conveniences in the various buildings mean that comfort is arranged for all, and the well-stocked book shelves, and the increased number of reference books means that splendid advancement is being made.

Through the institution of twice-yearly graduation exercises those students who have possibly lagged slightly will not be forced to stay in the school for another whole term; and those entering during the month of February may complete their classes at the middle of the year throughout their entire scholastic endeavor.

It has been said in many ways and in various words that one of the prides of America is in her public schools. Bristol can ably say "amen."

IT NEVER CHANGES

Sunday night sparking is a sacred institution.

But for it, life would be at a certain age not worth living and race suicide would become indeed a matter of serious apprehension.

The man who has not tender memories of taking his girl home from Sunday evening service and going in "for a little while" is apt to be a crusty bachelor, hating women because he never knew one in her most charming attitude.

The man whose youth was never mellowed by a Sunday night kiss stolen from not too unwilling lips has missed half his life.

Half? Yes, nine-tenths!

The Sunday nights when the fire burned low—and the lamp too—hold a hallowed place in the memories of every normal life. The low fire and the low light have cast a softened glow that reaches all the way to the grave, and maybe beyond it.

Why must secrets worry us? They are nothing to speak of.

The sum-total of pipe-joy

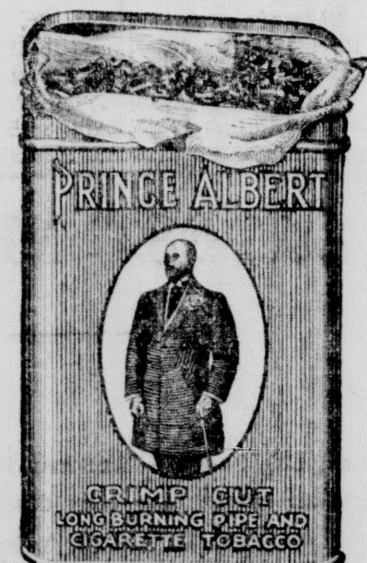

IF YOU could take an adding-machine and set down all the qualities you demand in a pipe-tobacco, such as fragrance, coolness, mildness, satisfaction, when you pulled the lever, the total would read: "Prince Albert." You can prove it with a pipe and a tin of P. A.

Throw back the hinged lid and revel in that aroma of the world's most popular pipe-tobacco. Put a load into the bowl of your pipe and light up. Draw that cool, refreshing smoke deep down and exhale slowly. That's

Prince Albert! That's living! You'll go to it from breakfast to bedtime.

Prince Albert leads all other brands in sales, because it leads in satisfaction. The word "satisfaction" has worn a little thin from much use, but a pipe and P. A. give it an entirely new meaning. You'll say so on your very first pipe-load, and you'll be a Prince Alberteer after that!

This tin contains TWO full ounces of what it takes to make a man smoke happy.

PRINCE ALBERT

—no other tobacco is like it!

GOITRE NOT A DISEASE

Milwaukee Doctor Makes Remarkable Discovery

MILWAUKEE, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. 695, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Write him today.—(Adv.)
